MISSION

AN ORCHESTRA OF DISCOVERY

Seek and spotlight new talent by introducing exciting young artists and composers to its public.

AN ORCHESTRA OF EXPLORATION

Provide a programming mix that combines well-known composers with classical composers that are rarely played, including Canadian composers.

Our mission leads us to an educational vocation, introducing classical music to new audiences and what better way to start than with the future generation. Maestra Kaluzny's rich background in education will be invaluable in attaining that goal. We are aware that with government budget cuts, students nowadays have little musical education and it is a challenge for the schools. We would like to contribute by bringing music to the forefront once again. To reach that objective this is what we offer:
